# ***New Cancer Treatment Frontiers***

## **Post-ASCO – COS Interactive Cancer Webcast**

***Presenter: Dr. Charles Butts, Cross Cancer Institute, President CAMO***

***Dr. Kathleen I. Pritchard, Sunnybrook Health Sciences Centre***

***Moderator: Dr. Jean Maroun, Ottawa Regional Cancer Centre***

***When: June 18, 2008 at 12 Noon Eastern***

***Where: [www.cos.ca](http://www.cos.ca)***

Oncology professionals are invited to participate in the first of a series of discussions and debates with Canadian and international specialists on topics of the greatest interest to the oncology community via live, interactive webcasts. Programming will be archived for one year on the COS website ([www.cos.ca](http://www.cos.ca)). The programming is structured to allow participants to apply for credit.

Future programmes in the series will focus on all tumour types, study results, major conference proceedings and controversies from ASCO, ESMO, WCCCI, ASH and San Antonio Breast Cancer meetings. The webcasts will provide rapid, balanced and thorough coverage allowing the Canadian oncology community to quickly update, debate and investigate best practices and procedures in cancer treatment.

You and your colleagues will be consulted to help the community determine the most pressing issues in oncology.
